Summary

Motivated BCA student with a strong foundation in programming, data structures, web development, and cybersecurity. Proficient in C, C++, Java, Python, and full-stack development using React.js, Node.js, and MongoDB. Passionate about cloud computing, Linux, and problem-solving. Seeking an opportunity to apply my skills in a dynamic environment.

Education

BCA – Cloud and Security

Amity University | 2024 – Present

Relevant Coursework: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Applied Cloud Computing, Cybersecurity, cryptography, Cloud Architecture, AI etc.

Academic Interests

- Data Structures & Algorithms
- Cloud Development & Cybersecurity
- Problem Solving in C++
- Operating Systems
- DBMS
- Networking

Extracurricular Activities

- Learning Linux and Cybersecurity tools
- Self-learning and contributing to open-source projects

Languages

- English (Fluent)
- Hindi (Fluent)

Technical Skills

- Programming Languages: C, C++, Java, Python
- Web Development: HTML, CSS, JavaScript, React.js, Tailwind CSS, Node.js, Express.js
- Databases: PostgreSQL, MongoDB
- Cloud & Cybersecurity: Basic Cloud Computing, Linux (Kali Linux Beginner)
- Version Control: Git, GitHub
- Operating Systems: Windows, Linux

Internship Experience

Edunet Foundation | EY GDS & AICTE Internship

Full Stack Web Development (MERN)

February 10, 2025 – March 21, 2025

- Selected for a 6-week internship program focused on **MERN stack development**.
- Worked on an independent project with **mentorship from industry experts**.
- Gained hands-on experience in **UI/UX principles, AI tools for web development, and project-based learning**.
- Participated in **master classes, mentorship sessions, and project showcase events**.
- Earned certifications from **EY, AICTE, and Edunet Foundation**.

Native Soft Tech

Full Stack Web Developer Intern (Remote)

December 20, 2024 – February 20, 2025

- Developed a **Portfolio Website** to showcase projects, skills, and experience, using **React, Tailwind CSS, and Framer Motion** for smooth animations and responsive UI.
- Created a **Book Store App**, allowing users to **browse, search, and purchase books online**.
- Gained hands-on experience with **MERN stack, API development, and deployment strategies**.
- Collaborated in a **remote development environment**, improving problem-solving and teamwork skills.

Projects

1. Portfolio Website

- Developed a **personal portfolio website** using **React.js**, **Tailwind CSS**, and **Framer Motion**.
- Showcases **projects, skills, and experience** with an **interactive and responsive UI**.
- Implemented **smooth animations** and **dark mode toggle** for enhanced user experience.
- Deployed the website using **Vercel/GitHub Pages**.

2. Book Store App

- Built a **full-stack book store application** using the **MERN stack (MongoDB, Express, React, Node.js)**.
- Features **book browsing, search, and user authentication**.
- Implemented **role-based access control (user)** with **JWT authentication**.

3. Online Auction Platform

- Developed an **auction platform** where users can **bid on products in real time**.
- Used **WebSockets for real-time bidding updates** and **MongoDB for data storage**.
- Implemented **secure authentication and payment integration**.
- Designed an **intuitive user interface** with **React and Tailwind CSS**.

4. Face Recognition System UI (Python)

- Contributed to the **UI development of a Face Recognition System** using **Python and Tkinter**.
- Worked on **frontend optimizations** for better usability and performance

Certifications & Courses

- **Full-Stack Web Development Certification** – Dr Angela Yu (Udemy) (2024)
- **Google Professional Cybersecurity Certificate** (Ongoing)
- **The C Developer Course** – Prashant Shinde (Udemy)
